guide since on the list of compromises has already been ready. "But I had greater facility with cards than most magicians. I trained with Moses Moon, greatest card mechanic of his generation." He pointed at his feet. "Toes, toes, toes, toes, toes, toes, toes, toes, toes, toes." Clearly, she had learned nothing from her reading. No sincere and thoughtful student of Zedd would be as sorely lacking in self-control as Frieda Bliss. Seraphim's child had been alive as long as Naomi had been dead, almost fifteen months. In fifteen months, Junior should have located the little bastard and eliminated him. He warily surveyed those around him as he walked, and looked over his shoulder from time to time. On one of these backward glances, he was unnerved but not surprised to see Vanadium's specter. Although she had slept well and though her hemorrhaging had been successfully arrested, Agnes was too weak to manage breakfast alone. A simple spoon was as heavy and as unwieldy as a shovel. After mentally reviewing what he must say, after working up a nervous edge, he dialed the SFPD emergency number. She walked the corridor until she came to a room with empty beds. Without turning on the lights, she entered, put down the suitcase, and sat in a chair by the window. Breath held, Celestina confirmed what she had suspected about the child since the quick glimpse she'd had in the surgery. Its skin was cafe au lait with a warming touch of caramel. Switching on the lights as he went, Junior sought the source of the serenade. He carried the 9-mm pistol, which would have been useless against a spirit visitor; but his extensive reading about ghosts hadn't convinced him that they were real. His faith in the effectiveness of bullets and pewter candlesticks, for that matter, remained undiminished. Both angry and mortified, yet still fearful, a walking multimedia collage of emotions, Junior left the gallery. Sweaty, chilled, trembling, weak-kneed, watery-eyed with self-pity, Junior spread a plastic garbage bag on the driver's seat. He got in the Suburban, twisted the key in the ignition, and groaned as the engine vibrations threatened to undo him. Foreword. "From childhood, I've had this ... awareness, this perception of an infinitely more complex reality than what my five basic senses reveal. A psychic claims to predict the future. I'm not a psychic. Whatever I am ... I'm able to feel a lot of the other possibilities inherent in any situation, to know they exist simultaneously with my reality, side by side, each world as real as mine. In my bones, in my blood." Her life was so blessed that she could have dealt with a horde of locusts, let alone a few mosquitoes. The girl sucked in deep lungfuls of the weary clouds. "Better hold tight, Mommy, I'm gonna float." Agnes ran to the kitchen, where she had been working when the doorbell rang, packing boxes of groceries to be delivered with the honey-raisin pear pies that she and Jacob had baked this morning. WITH BRIGHT BEACH under assault by one miserable flu and by an uncountable variety of common colds, business was brisk this Monday at Damascus Pharmacy. Now came a slight but real risk of being heard inside: He pulled the trigger. The flat steel spring in the lock-release gun caused the pick to jump upward, lodging some of the pins at the shear line. The snap of the hammer against the spring and the click of the pick against the pin tumblers were soft sounds, but anyone near the other side of the door would more likely than not hear them; if she was one room removed, however, the noise would not reach her. Clinging to the desperate hope of an ultimate reunion, he put the gun away, went to the kitchen, and made a grilled-cheese sandwich: cheddar, with dill pickles on the side. Her special son, walking where the rain wasn't, had made all things seem possible. "Simon's a good man. Now that he pretty much knows Cain pushed the wife, he doesn't feel better about representing him just because the payoff was big. And in the current case, he's not Cain's lawyer, so there's no conflict of interest, no ethics problem, so he's got a chance to set things right a little." "Toes," he repeated immediately in his sweet, piping voice. This was a new word for him. In San Francisco, Seraphim Aethionema White lies beyond all hope of resuscitation. So beautiful and only sixteen. The second and third rooms proved to be deserted, as well, and as muffled as the cushioned spaces of a funeral home, but an office was tucked discreetly at the back of the final chamber. As Junior crossed the third room, apparently monitored by closed-circuit security cameras, a man glided out of the office to greet him. Either operating on first-aid knowledge of his own or responding to an instruction from the medic, the cop slipped a foam pillow under Agnes's head. Holding hands as they watched John Wayne in *The Searchers*, David Niven in *Around the World in 80 Days*. They were so young then, sure they would live forever, and they were still young now, but for one of them, forever had arrived. Unwittingly oversell any strong reaction, striking a false note and raising suspicions. Tommy James and the Shondells, good American boys, had a record farther down the charts—"Hanky Panky"—that Junior felt was better than the Beatles' tune. The failure of his countrymen to support homegrown talent aggravated him. The nation seemed eager to surrender its culture to foreigners. "Less than a year and a half ago, Hurricane Flora—she killed over six thousand in the Caribbean." By the time he reached the airport, located a private-charter company, chased up the owner through the night-security man, and arranged to be flown at once to Eugene, Oregon, aboard a twin-engine Cessna, the points of pain in his face had begun to throb. "Oh!" She blotted her eyes on the heels of her hands. "Wait! Give me a second chance. I can do it better, I'm sure I can." Tom didn't understand Edom's comment or the smiles that it drew, but otherwise, he was impressed by the ease with which these people absorbed what he had said and by the imagination with which they began to expand upon his speculation. It was almost as though they had long known the shape of what he'd told them and that he was only filling in a few confirming details. He was glad that he'd taken the double dose of antiemetics. In spite of this provocation, his stomach felt as solid and secure as a bank vault. He had dragged Ichabod halfway across the threshold when he heard someone say, "No." Convinced he was alone and unobserved, Junior leaned into the car and shifted it out of park. He released the hand brake. The paramedic, fingers pressed to the radial artery in Junior's right wrist, must have felt a rocket-quick acceleration in his pulse rate. Ford dealership, which he'd closed for business until three o'clock: lamentations, lunch, and moving reminiscences of the deceased shared among the shiny new Thunderbirds, Galaxies, and Mustangs. That venue would provide Junior with the witnesses he required for his reluctant, tearful, and perhaps even angry concession to the Hackachaks' insistent materialism. "You did just fine, Tom, just fine," Agnes said in a consoling tone that she might have used with a boy whose performance, at a piano recital, had been earnest but undistinguished. "We were all quite impressed." Risking all, he turned his back on her and fled, and in spite of his expectations to the contrary, she allowed him to escape. Too late for interrogation now, with Vanadium bludgeoned into eternal sleep and resting under many fathoms of cold bedding. Gradually, she perceived that Lipscomb was more troubled than he should have been, considering that his patient had died through no fault of his own. "Oh, that's me, all right. I'm on the FBI's most-wanted list for criminal pie jostling." Celestina was amazed by her own courage in combat and by the steady calm that served her so well now. She wasn't shaken by the thought of what might have happened to her, and to her daughter, because her mind and her heart were with Wally—and because, having been watered with hope all of her life, she had a deep reservoir on which to draw in a time of drought. Face with one hand, as if pulling off cobwebs. "Did you say you were in my house?" Paul in the guest room again. Sweeping a bedside lamp to the floor, lifting the nightstand. Fourth and last, he was surprised that Kickmule was a legitimate surname. This

information wasn't of immediate importance to him, but if ever his Gammoner and Pinchbeck identities were compromised and he required false ID in a new name, he would call himself Eric Kickmule. Or possibly Wolfgang Kickmule. That sounded really tough. No one would mess with a man named Kickmule..To be useful, anger must be channeled, as Zedd explains with unusually poetic prose in *The Beauty of Rage: Channel Your Anger* and Be a Winner Junior's current predicament would only get worse if he had to telephone Roto-Rooter to extract a musician from the plumbing..Maria turned sideways in her chair and dealt from the top of the four-deck stack, onto the table in front of Barty..Suddenly, even in the heart of a great city, the alleyway seemed as lonely as an English moor, and not a smart place to seek asylum from a vengeful spirit. Casting aside all pretense of self-control, Junior sprinted for the next street, where the sight of multitudes, swarming in winter sunshine, filled him not with paranoia or even uneasiness, anymore, but with an unprecedented feeling of brotherhood..THE CRISP CRACKLE of faux flames, the way they made them in the days of radio dramas, back in the 1930s and '40s, when he was a boy: cellophane..He swore that he would throw away all memory of this incident, as well. In Caesar Zedd's best-selling *How to Deny the Power of the Past*, the author offers a series of techniques for expunging forever all recollection of those events that cause us psychological damage, pain, or even merely embarrassment. Junior went to bed with his precious copy of this book and a snifter of cognac filled almost to the brim..After the stupid bastards read a newspaper or smoked a few cigarettes, they finally broke down the door. Satisfyingly dramatic: the crack of splintering wood, the crash..Perhaps this particular worry was not ordinary maternal concern. If a sixth sense is at work in all of us, then perhaps subconsciously Apes was aware of the tragedy to come: the tumors, the surgery, the blindness..was trying her best to ensure the health of the baby while still remaining slim enough to avoid suspicion..He hurried into the bedroom and switched on the nightstand lamp, without concern for whether the light might be seen from the street..and half rotten. She tore it. With the small scissors, she opened the shoulder seam from the inside..The head of the hospital bed was elevated, and Perri lay on her back. Her eyes-were closed.. "It seems it was his own idea, your majesty..".Agnes leaned forward in her chair: knees together, clasped hands resting on her knees, forehead against her hands..which was beginning to come into view, was as sharp as pins and needles, sheer torture to her eyes..Shivering, Junior slammed the trunk lid and warily surveyed the lonely landscape. Black pines spread bristled arms through the charr night, and the moon cast down a jaundiced light that seemed to obscure more than it illuminated..A moment later, in the corridor, as Nolly locked the door to his suite, Kathleen linked her right arm through Vanadium's left. "Do I call you Detective Vanadium, Brother, or Father?".After carefully wiping her fingers on a paper napkin, Maria examined the garments with interest. She carried her living as the seamstress at Bright Beach Dry Cleaners. At the sight of each rent, popped button, and split seam she clucked her tongue..Kathleen had never heard a religious calling described in such odd words as these, and she was surprised, indeed, to hear a priest refer to God as "strange..".That was another thing. Junior hadn't gotten his noon meal, because the spirit of Vanadium had nearly caught up with him when he'd been browsing for tie chains and silk pocket squares before lunch. Then he missed dinner, as well, because he had to maintain surveillance on Celestina when she didn't go straight home from the gallery. He was hungry. He was starving. This, too, she had done to him. The bitch..Since discovering the quarter in his cheeseburger, Junior had been half convinced that the maniac cop survived the bludgeoning. In spite of his grievous wounds, perhaps Vanadium had swum up through a hundred feet of murky water, barely avoiding being drowned..before used. Boeotian. A dull, obtuse, stupid person. He felt very Boeotian all of a sudden..By invoking the word emergency, Celestina was able quickly to reach her own physician in San Francisco. He agreed to treat Phimie and to have her admitted to St. Mary's upon her arrival from Oregon.
