Ivory obeyed, half-annoyed by this crude giantess and half-intrigued. She did not put him in mind of a flowering tree at all, but she was in fact beautiful, in a large, fierce way. The mare submitted to her absolutely. When she said, "Move your foot!" the mare moved her foot. The woman wiped her down all over, put the saddle blanket back on her, and made sure she was standing in the sun. "She'll be all right," she said. "There's a gash, but if you'll wash it with warm salt water four or five times a day, it'll heal clean, I'm sorry." She said the last honestly, though grudgingly, as if she still wondered how he could have let his mare stand there to be assaulted, and she looked straight at him for the first time. Her eyes were clear orange-brown, like dark topaz or amber. He studied them and rearranged them. "Now I must speak of harm," he said..the Masters and their toadies. And if somehow it succeeded, if he could actually get a woman.He said, "I lost my way. He would not see it again unless he went through that narrow passage. Then he would see the mountain, all the sweep and cresting of it, over the calm waters where he used to try to raise up the magewind when he was twelve; and sailing on he would see the towers rise up from the water, dim at first, mere dots and lines, then lifting up their bright banners, the white city at the center of the world.. nothing," he said..
