"I'm interested in one of the smaller Griskins," said Junior, managing to appear calm, although his mouth was dry with fear and his mind spun with crazy images of the maniac cop, dead and rotting but nevertheless lurching around San Francisco..He moved from a crib to a bed of his own, with guardrails, months ahead of the average toddler. Within a week, he requested that the rails be left down..Junior released Neddy and, letting him slide down the wall to the floor, returned to the door to lock it. Reaching for the latch, he suddenly expected the door to fly open, revealing Thomas Vanadium, dead and risen. The ghost didn't appear, but Junior was shaken by the mere thought of such a supernatural confrontation in the middle of this crisis.. "Chateau Le Bucks, 1886. We can have a bottle of that or you could buy a new car, and personally I believe thirst comes before transportation." One of the paramedics knelt beside the body, checking Naomi for a pulse, although in these circumstances, his action was such a formality that it was almost harebrained..At this extreme end of town, no streetlamps lit the pavement. With only moonlight to reveal him, he wasn't likely to be recognized if anyone happened to glance out a window..That Olympian purge had, however, made him appear to be both emotionally and physically devastated by the loss of his wife. He couldn't have calculated any stratagem more likely to convince most.On Thursday, December 28, employing forged driver's licenses and social-security cards as identification, Junior opened small savings accounts and also rented safe-deposit boxes for Pinchbeck and Gammoner at different banks with which he'd never previously done business, using the mailing addresses that he'd established earlier..The pair of sliding doors at the living-room archway stood half open. Beyond, voices drew Paul against his will..find reason to celebrate every development in life, including the cruelest catastrophe, by discovering the bright side to even the darkest hour..Celestina looked up from the scarred top of the desk toward the fog-white sky beyond the window, from reality to the promise..Scamp spent Wednesday ravishing him. It wasn't love, but there was comfort in being familiar with his partner's equipment..He opened the solid doors on the bottom of the breakfront, did not find what he was looking for, checked in the sideboard next, and there it was, a small liquor supply. Scotch, gin, vodka. He selected a full bottle of vodka..Celestina had a delayed reaction to Barty's name. An odd look came over her. "Barty? Short for ... Bartholomew?".An elderly Negro gentleman answered the door. His hair was such a pure white that in contrast to his plum-dark skin, it appeared to glow like a nimbus around his head. With his equally radiant goatee, his kindly features, and his compelling black eyes, he seemed to have stepped out of a movie about a jazz musician who, having died, was on earth once more as someone's angelic guardian.. "Yes. More about that later, just let me make it clear that an interest in physics doesn't make me a physicist. Even if I were, I couldn't explain quantum mechanics in an hour or a year. Some say quantum theory is so weird that no one can fully understand all its implications. Some things proven in quantum experiments seem to defy common sense, and I'll lay out a few for you, just to give you the flavor. First, on the subatomic level, effect sometimes comes before cause. In other words, an event can happen before the reason for it ever occurs. Equally odd ... in an experiment with a human observer, subatomic particles behave differently from the way they behave when the experiment is unobserved while in progress and the results are examined only after the fact-which might suggest that human will, even subconsciously expressed, shapes reality." "That was five years ago. After more surgeries than I care to remember, I was left with these." He raised his goblin hands again. "There's pain in humid weather, less when it's dry. I can take care of myself, but I'll never be a card mechanic again ... or a magician." "Yours is a harder job than mine," Lipscomb told Grace, dandling Angel as he spoke. "I have no doubt of that." This was different earthquake weather from that of ten days ago, when he'd made the pie deliveries alone. Then: blue sky, unseasonable warmth, low humidity. Now: low gray clouds, cool air, high humidity..ready to hear me. However long you need. But something ... something extraordinary happened here before you arrived." She switched on the windshield wipers. Repeatedly, in the, arc of cleared glass, the graveyard was revealed in sharp detail, and yet the place remained less than fully familiar to her. Her whole world had been changed by Barty's dry walk in wet weather.. "Good heavens, Vinnie, I know that," she assured him as she lifted Barty-hardly bigger than a bag of sugar-from the bassinnet. She settled with the baby into a rocking chair..He spat on his right thumb, scrubbed the thumb against one of the dried drips on the floor, rubbed thumb and forefinger together, and brought the freshened spoor to his nose. He smelled blood..Downstairs again, as Agnes reached the foot of the stairs, she began to worry that she had done too thorough a job on the khakis and that the extent of the damage would raise suspicions..Hound smiled. "They haven't undone what you did yet, either," he said. "Old Whiteface was crawling all over her yesterday, growling and muttering. Ordered the helm replaced." He meant Losen's chief mage, a pale man from the North named Gelluk, who was much feared in Havnor..When the police operator answered, Junior shrieked, "I've been shot! Jesus! Shot! Help me, an ambulance, oooohhhh shit! Hurry!".Drawn by voices on the second floor, Tom took the stairs two at a time. A man and a boy. Barty and Cain. To the left in the hallway, and then to a room on the right..The pendulous bellies of the rain-swollen clouds were no darker than when he had first come to the cemetery, yet they appeared more ominous now than earlier..If either of them suspected that she was lying, it was Edom. He looked puzzled, but he didn't pursue the issue..In the crisis, the rack holding her oxygen bottle had been rolled to the bed. The breathing mask lay on the pillow beside her..One moment, girl and yellow vinyl ball. The next moment, gone as if they'd never been..Sometimes Barty could be fierce in his independence-his mother told him so-and now he rebuffed Angel too sharply. "I don't want to be waited on. I'm not helpless, you know. I can get sodas myself" By the time he reached the doorway, he felt sorry for his tone, and he looked back toward where the window seat must be. "Angel?".He reached the end of the alleyway, stumbled into the stream of pedestrians, nearly knocked over an elderly Chinese man, turned, and discovered ... no Vanadium..Hunched over his desk,

leaning forward conspiratorially, his piggy eyes glittering like those of an ogre discussing his favorite recipe for cooking children, Nolly said, "I've been able to confirm your suspicions..MONDAY MORNING, January 17, Agnes's lawyer, Vinnie Lincoln, came to the house with Joey's will and other papers requiring attention..AS GREASY WITH FEAR sweat as a pig on a slaughterhouse ramp, Junior woke from a nightmare that he could not remember. Something *is reaching for him-that's all he could recall, hands clutching at him out of the dark-and then he was awake, wheezing. Night still pressed at the glass beyond the venetian blind. The pharmacy lamp in the corner was aglow, but the chair that had been beside it was no longer there. It had been moved closer to Junior's bed.."No," said Vanadium, "you only think you know who I am and what I am, but you don't know anything. That's all right. You'll learn." Agnes discovered, from her research, that among child prodigies, Barty was not a wonder of wonders. Some math whizzes were absorbed by algebra and even by geometry before their third birthdays. Jascha Heifetz, became an accomplished violinist at three, and by six, he played the concertos of Mendelssohn and Tchaikovsky; Ida Haendel performed them when she was five..Surprising himself more than anyone, Edom also presented his collection to the university. Out with tornadoes, hurricanes, tidal waves, earthquakes, and volcanoes; bring in the roses. He lightly renovated his small apartment, painted it in brighter colors, and throughout the autumn, he stocked his bookshelves with volumes on horticulture, excitedly planning a substantial expansion of the rosarium come spring..On mechanic, he again glanced meaningfully at Edom, who felt a response was expected. When he opened his mouth, he could think of nothing to say, except that at Sanriku, Japan, on June 15, 1896, a 110 foot-high wave, triggered by an undersea quake, killed 27,100 people, most while they were in prayer at a Shinto festival. Even to Edom, this seemed to be an inappropriate comment, so he said nothing. .,She said, "Honey, what I'm wondering is ... could you walk where you don't have bad eyes, like you walked where the rain wasn't ... and leave the tumors in that other place? Could you walk where you have good eyes and come back with them?" A cold wind raised a haunting groan as it harried itself around and around in the bronze hollow of the bell atop the church steeple, shook dead needles from the evergreens, and resisted Paul's progress with what seemed to be malicious intent. Miles ago, between the towns of Brookings and Pistol River, he had decided that he wouldn't again walk this far north at this time of year, even if the guidebooks did claim that the Oregon coast was a comparatively temperate zone in winter..Under Celestina's guidance, the menfolk-Wally, Edom, Jacob, Paul, Tom-had packed cartons of canned and dry goods, plus numerous boxes of new spring clothing for the children on their route. All those items had been loaded into the vehicles the previous evening..At Thanksgiving dinner, again at the three tables set end to end, in the year of the triple zero, Mary Lampion, now fourteen years old, made an interesting announcement over the pumpkin pie. In her travels where none but she could go, after seven fascinating years of exploring a fraction of all the infinite worlds, she said she sensed beyond doubt that, as Barty's mother had told him on her deathbed, there is one special place beyond all the ways things are, one shining place..Celestina said, "Phimie wasn't a mind reader. That's science fiction, Dr. Lipscomb." Sunday evening, here he was, cracking open four new decks, as if fresh cards might enable the magic to repeat.."I'm not sad," Tom said, "because though I have this face here in this world, I know there's another me-in fact, lots of other Tom Vanadiums-who don't have this face at all. Somewhere I'm doing just fine, thank you." Still on her knees, she raised the weapon and realized that she was going to shoot the maniac in the back, that she had no other choice, because her inexperience didn't allow her to aim for a leg or an arm. The moral dilemma overwhelmed her, but so did an image of Phimie lying dead in bloody sheets on the surgery table. She pulled the trigger and rocked with the recoil..Across the room, the girl on the window seat showed no awareness of his arrival. She sat sideways to him in the niche, with her back against one wall, knees drawn up, a big sketch pad braced against her thighs, working intently with colored pencils..He smiled and shrugged. "I used to be a fisher of men. Now I hunt them. One in particular." The window didn't face the street. It overlooked a five-foot-wide passageway between this house and the next. The police might not spot him leaving..PERRI'S POLIO-WHITTLED body did not test the strength of her pallbearers. The minister prayed for her soul, her friends mourned her loss, and the earth received her..This Monday morning in Oregon was bleak, with the swollen, dark bellies of rain clouds swagging low over the cemetery, a dreary send-off for Naomi, even though rain was not yet falling..Maybe the watch wouldn't be discovered with the corpse. Maybe it would settle into the trash and not be found until archaeologists dug out the landfill two thousand years from now..At the end of the famous sermon, Celestina's father had wished to all well-meaning people that into their lives should fall a rain of benign effects from the kind and selfless actions of countless Bartholomews whom they would never meet. And he assures those who are selfish or envious or lacking in compassion, or who in fact commit acts of great evil, that their deeds will return to them, magnified beyond imagining, for they are at war with the purpose of life. If the spirit of Bartholomew cannot enter their hearts and change them, then it will find them and mete out the terrible judgment they deserve..His in-laws' chances of receiving compensation for their pain and suffering over Naomi's death were seriously compromised if her husband did not hold the state or county responsible. In this, as in nothing previously, they felt the need to stand united as a family..The muffling fog quieted the city as much as obscured it, and the alley was surprisingly still. Many of the businesses were closed for the night, and as far as Junior could discern, no delivery trucks or other vehicles were parked the length of the block..Before the pianist could cry out, Junior drove him between the toilet and the sink, slamming him against the wall hard enough to knock loose his breath and to cause the water to slosh audibly in the nearby toilet tank..He found nothing especially gratifying, switched off the lights, and moved on to the living room. If Cain was coming home, he could glance up from the street and see lights ablaze here, so Vanadium resorted to a small flashlight, always carefully hooding the lens with one hand..When Agnes pressed for a diagnosis, Dr. Chan quietly pleaded the need to gather more information. After Barty had seen the oncologist and had additional tests, he and his mother would return here in the afternoon to receive a diagnosis and counseling in treatment options..Max hung up. The Ansaphone made a series of small robot-mouse noises and then fell silent.."I mean it. You have a lot of responsibilities here. Barty. Pie Lady Services. People who depend on you. Friends who love you. When you came on board with me, mister, you bought into a whole lot more than you can walk away from." On Christmas Eve, 1996, the family gathered in the middle of the three houses for dinner. The living-room furniture had been moved aside to the walls, and three tables had been set end to end, the length of the room, to accommodate everyone...Junior could almost feel sorry for this sad, stocky, haunted detective, deranged by years of difficult public service..Grimacing, she said, "I told the police about your disgusting little come--on with the ice spoon." It was the best he could do in protest against the misuse of good work and a good ship. He was pleased with himself. When the ship was launched (and all seemed well with her, for her fault would not show up until she was out on the open sea) he could not keep from his teachers what he had done, the little circle of old men and midwives, the young hunchback who could speak with the dead, the blind

girl who knew the names of things. He told them his trick, and the blind girl laughed, but the old people said, "Look out. Take care. Keep hidden." "Well," Tom said, "those people who think it's just a trick generally react bigger than you folks, and you know it's real." From the darkness of his room, Barty now spoke the words for which Agnes had been waiting, his whisper soft yet resonant in the quiet house: "Good-night, Daddy." He had assumed that the dinner guest was Victoria's lover, but suddenly he realized that this might not be the case. The man might be nothing more than a friend. Her father or a brother. In which case the invitation to romance-posed by the coquettishly arranged wine and rose-would be so wildly inappropriate that the visitor would know at Harrison and Grace had welcomed him in spite of the fact that a friend and parishioner had died on Thursday, leaving them both bereft and with church obligations. Angel liked to perch sideways with a drawing tablet in the window seat in Barty's room, look out at the oak tree from the upper floor, and draw pictures inspired by things she heard in whatever book he was currently listening to. Everyone said she was a pretty good artist for a three-year-old, and Barty wished he could see how good she was. He wished he could see Angel, too, just once. On the nightstand waited a glass of water on a coaster and a pharmacy bottle containing several capsules of a potent painkiller. They came to the house in Boatwright Street after dark. They kicked the door in, and Hound, standing among the armed and armored men, said, "Him. Let the others be." And to Otter he said, "Don't move," in a low, amicable voice. He sensed great power in the young man, enough that he was a little afraid of him. But Otter's distress was too great and his training too slight for him to think of using magic to free himself or stop the men's brutality. He flung himself at them and fought them like an animal till they knocked him on the head. They broke Otter's father's jaw and beat his aunt and mother senseless to teach them not to bring up crafty men. Then they carried Otter away. He surprised himself by sitting up in bed and shouting, "Shut up, shut up, shut up!" The coin stopped turning across his knuckles and, as though with volition of its own, it slipped into the tight curve of his curled forefinger. With a snap of his thumb, he flipped the quarter into the air. Therefore, after the nasty shooting, as the Bartholomew hunt continued, so did the good life. He would come. She knew. She had always known, but had half forgotten. There was something special about Angel, and because of that specialness, she lived under a threat as surely as the newborns of Bethlehem under King Herod's death decree. Long ago, Celestina glimpsed a complex and mysterious pattern in this, and to the eye of the artist, the symmetry of the design required that the father would sooner or later come. Turning his patched eyes in the general direction of his mother, Barty said, "Oops." With his mother, his uncles, and Maria hovering just two steps behind, Barty followed the driveway, not bothering with the cane, keeping his right foot on the concrete, his left foot on the grass, until he came to a jog in the pavement, which apparently he'd been seeking. He stopped, facing due north, considered for a moment, and then pointed due west: "The oak tree's over there." In the afternoon, Dr. Schurr came to the hospital to review test results and to reexamine Barty. When the early-winter twilight gave way to night, he sent them back to Dr. Chan, and Agnes didn't press Schurr for an opinion. All day she'd been impatient for a diagnosis, but suddenly she was loath to have the facts put before her. At her touch, she felt a tension go out of the doctor. His hands slipped from his face, and he turned to her, shuddering not with fear but with what might have been relief. May 14, 1845, in Canton, China, a theater fire killed sixteen hundred seventy. On December 8, 1863, a fire in the Church of La Compana, in Santiago, Chile, left two thousand five hundred and one dead. One hundred fifty perished in a fire at a Paris charity bazaar: May 4, 1897. June 30, 1900, a dock fire in Hoboken, New Jersey, killed three hundred twenty-six. After coffee had been served, when Celestina and Wally were no longer the center of attention, he indicated the array of desserts with his fork, smiled, and said, "I just want you to know, Celie, that these are sweets enough until we're married." Junior wanted to kill her. Kill him. Whatever. But he sensed that Renee knew more than a little about dirty fighting and that the outcome of a violent confrontation would not be easy to predict.
